Vision, Issues, & Values

I was employed with Washoe County's Technology Services Department from 1998-2015, and service on the Washoe County Employee Association affords me the institutional knowledge other candidates do not have.

#1 I've served **20+ years** in Washoe County's elections and on the Poll Worker Administrative Committee. After what happened in 2020 and the new revelations about the last several years with the election system under new management—I'm compelled to run for office to fix our broken elections, restore public trust, and ensure free and fair elections. The time I've served previously gives me insight into the processes, legalities, and logistics to quickly fix our broken elections.

I had the great privilege to serve a 2-year term as foreperson on the grand jury for the 2nd Judicial District as well as a field registrar at our naturalization ceremonies. This afforded me a unique realization of the decline of safety in our community and the financial barriers for migrants who love our country.

I am a native Nevadan, working tirelessly to make it a better place. I have volunteered in our elections since 2000, served as a field registrar at the US District Court's Naturalization ceremonies, as well as the Second Judicial Court's grand jury for two years.

I know the value of being connected. That's why I'm running for this position. Help me help you.

#2 I have vested 20 years into ensuring citizens the opportunity to cast their ballots at a variety of polling locations, as well as fostering comradery within my election teams. The 2020 election afforded me the opportunity to observe several areas on the back end of Washoe County's elections that are in desperate need of attention. **Washoe County can no longer afford to skimp on its election budget.**

#1 “>>I’ve served 20+ years in Washoe County’s elections << and on the Poll Worker Administrative Committee.”

#2 “I have vested 20 years into ensuring citizens the opportunity to cast their ballots at a variety of polling locations, as well as fostering comradery within my election teams.”

Bringing Trust and Transparency Back to Local Government! #1

2024 Campaign Website

Serving The Community

Your candidate is a native Nevadan working tirelessly to make it a better place.

#2 Tracey's extensive employment with Washoe County and her service on the employee association affords her the institutional knowledge and expertise other candidates do not have.

Her service as a grand juror for the 2nd Judicial District and a Field Registrar at our naturalization ceremonies provided a unique insight to the decline of safety in our community and the financial barriers for migrants who love our country and respect our laws.
